Service Letter No. 145

June 1, 1950

TO: All Distributors

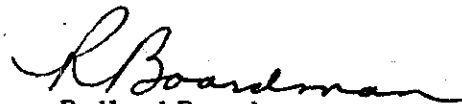

SUBJECT: Auxiliary Fuel Line, Model PA-20 Serial Numbers 20-1 to 20-207 incl.,  
and 20-213

There is now available a Kit number 752 186 to install the Auxiliary Fuel Line in the Piper PACER "115", "125" and "135". The installation of this Auxiliary Fuel Line is not compulsory, however, it is an added safety feature in the operation of the PA-20, and it is suggested that the installation of this line be accomplished in each airplane which is not already equipped.

On airplanes with the following serial numbers - 20-1 to 20-48 inclusive, 20-50, 20-52 to 20-94 inclusive, 20-96, 20-98 to 20-104 inclusive, 20-106 to 20-110 inclusive, 20-112 to 20-114 inclusive, 20-116 to 20-118 inclusive, 20-121, 20-123, 20-127 to 20-130 inclusive, there is an additional outlet fitting Kit Number 752 188 required to provide an outlet in the right wing tank. All remaining airplanes in the serial group 20-1 to 20-207 inclusive and 20-213 are already equipped with the proper fitting in the tank.

When ordering these kits, it is imperative that the serial number of the airplane be listed on your order. The List Price of Kit Number 752 186 is \$14.04. The List Price of Kit Number 752 188 is \$4.52. Both are subject to your regular discount. The estimated installation time is 16 hours.
